

Athletic Facilities

Hobart & William Smith feature some of the finest athletic facilities in the nation. The Hobart football team plays its home games on the natural grass of legendary Boswell Field. The team has several practice fields, including the full-length indoor Bristol Field House. The Statesmen prepare for games and practices in the Topichak Team Room. Student-athletes also have exclusive access to the RFK Varsity Strength Training Center, the Drury Athletic Suite, the Piltch '82 and Feldman Classroom, and the Collins Editing Room.

Boswell Field and adjacent Sport and Recreation Center are slated to undergo exciting renovations as a part of The Campaign for the Colleges. The grass of the Boz will be replaced with an artificial surface, all of the venue's seating and the track will be replaced and lights will be added for night games. Additionally, the locker rooms and workout space of the Sport and Rec Center will be expanded.
